## HISTORY/BIO

The following is a brief history of the band:

Kim Cahill and Christopher Hill started **Scotland Yard** from an ad that Chris had placed in the Music Connection magazine in Los Angeles, California. It was already 3 months old and no longer even running. Chris was burnt out opening his door to the most varied assortment of flakes and characters coming out of the Hollywood woodwork. Add to that Kim's own audition nightmares and you get two people who were irritated and had no patience for any crap. They got in an argument over the phone during their first conversation and hooked up shortly there after in a local Denny's coffeehouse. They both finally found what they were looking for.

Over the next two years Kim and Chris composed and sequenced what would become their first CD, "**Rogue.**" Following its release a live band was in order so back to placing ads in the local music magazines they went. The current line up consists of Kim Cahill (Vocals/Everything), Christopher Hill (Guitar/Keys), and Rob Ferrell (Drums). "**24/7,**" their second full length CD was released in Nov. 1999.

Strong Energetic live shows earned SY opening slots and appearances with many great bands such as **Lenny Kravitz, Lit, Berlin, Missing Persons, Gene Loves Jezebel, Dave Wakeling** (former General Public member), **John Easdale** of **Dramarama**, and **Martha Davis** (**The Motels**). SY has also had many of their own shows headlining at various clubs packing them in.

*From 98 to Current*, SY has a very intense internet presence on the web. They are very involved with many different websites and keep their presence nationally and internationally. SY has been featured on many high profile sites such as **Blackflys.com** (along side Korn, Garbage, No Doubt and Metallica), and **Launch.com** (along side Backstreet boys, Jennifer Lopez, and N'Sync). Over 30 high profile websites currently host *Scotland Yard* web pages.

**SY has also been featured on the three top websites such as MP3.com, Farmclub.com, & "track of the day" on Garageband.com.**

**Out of 34,000 songs on Garageband.com "Movin On" reaches and holds #1 on the pop charts.**

**MP3.COM selects "Movin On" to be featured on the MP3 College Radio station playlist. It's sent out to over 170 college radio stations.**

**Scotland Yard's song "Movin On" is featured as the Track Of The Day on [www.garageband.com](http://www.garageband.com)**

No Regrets can be viewed on the internet directly from [www.scotlandyard.net](http://www.scotlandyard.net).

## One - Sheet

**Scotland Yard** is a band that is high energized "power-pop" with crafty songwriting and excellent musicianship. This four piece combines crunchy guitar riffs, electronic loops, powerful rhythms, and vocal choruses that will keep you singing for days. Scotland Yard has been frequently compared to "No Doubt, Garbage, Offspring, & Republica." This is PowerPop with an attitude. Scotland Yard's current release, "24/7," is on the Los Angeles based **Interpol Records** label. When SY plays live they will win you over with their songs, their captivating presence, their energy, & their wide range of covers and original music.

"Female vocals sidle up to Gwen Stefani with radio-ready choruses. The music stands safely on all the rocktronica bases with club beats and cleaned-up Grunge guitars.

Everything here screams, "We're ready for our label now!"

- **Chad D., Producer/Critic (Listen.com)**

"Loved the songs, couldn't get enough of the entire CD. Very professional and fun group and we had such a great time during our on air interview. "

- **89.5 FM (WPKN ) Rich Kaminsky's show – Offbeat.**

"I met them at the FarWest NACA Convention and just knew we had to have them for an on-campus live performance." We booked a show immediately and it was the first show that KFLI has presented that the band received a standing ovation.

-**Kurt Liedtke, GM/Program Director KFLI 90.5, Embry Riddle College, AZ**

SY has played and been featured with various acts such as: LIT, Lenny Kravitz, Berlin, Dave Wakeling (General Public), John Easdale (Dramarama), and many others.
